

Seiki Scheduler Workshop

Seiki Systems has over 20 years experience in the development and provision of real time manufacturing systems that provide an immediate, visual and dynamic picture of the 'plan to make' production process.

What is Seiki Scheduler?

Seiki Scheduler is a complete finite capacity planning solution designed to provide a high level of visibility and control of your manufacturing.

- Reduce outsourcing by maximising the utilisation of your resources & increasing productivity
- Predict delivery dates with confidence
- Reduce inventory & stock
- Achieve greater manufacturing flexibility
- Get the most from your existing resources - your R.O.I
- Identify untapped production capacity
- Manage your production effectively and efficiently with minimal user input

System Integration

The Seiki Scheduler can be interfaced with your existing ERP/MRP systems or fully integrated with the Seiki ERP.

Agenda

10.00 Introduction to Seiki Systems

A short presentation profiling Seiki Systems.

10.10 The Seiki Scheduler: A complete Finite Capacity Scheduling Solution

An overview of the core software functionality and system benefits. We will describe the difference between infinite and finite capacity scheduling, introduce the two system levels and explain how Seiki can interface to 3rd party systems.

10.25 Product Demonstration

Take this opportunity to watch a live system demonstration. Our product specialist will navigate through all the key areas of the system, highlighting how the Seiki Scheduler can help you to manage your production effectively and efficiently.

11.10 Coffee Break

11.25 Extending Your Capabilities

An introduction to the additional modules that are available within the Seiki Productivity Suite which can be used to enhance your existing capabilities.

12.00 Interactive Consultation: Open Forum

This is your opportunity to have more detailed discussions with an experienced member of our team about the Seiki Scheduler and other software modules that you have seen in today's workshop. Also take advantage of this time to tell us about any up coming projects or any issues that you are currently facing.

12.30 Close

A light lunch and refreshments will be made available.

■ Date: Tuesday 16th February 2010

Time: 10.00 - 12.30

Venue: Seiki Systems, Brighton

■ Date: Thursday 15th April 2010

Time: 10.00 - 12.30

Venue: DLoG (UK) Ltd, Tewkesbury

■ Date: Thursday 20th May 2010

Time: 10.00 - 12.30

Venue: Seiki Systems, Brighton

Refreshments and light lunch provided.
